

This free workshop offers information on one of the most exciting new discoveries and treatments for cancer, immunotherapy. Patients and their loved ones are invited to join us as we learn how the immune system interacts with cancer, treatments that are currently available as well as treatments that are being developed, and tips to manage common side effects. In addition, participants will learn about ways to cope with the social and emotional challenges of a cancer diagnosis.

Featured Speaker:

Dr. David Mercer
Iowa Cancer Specialists

Date: Thursday, June 29, 2017

Time: 5:30 p.m. – 8:00 p.m.
